WHO WE ARE STARSEED, THINKING OUT OF THE BOX.

In 2002, Starseed built its first packaging factory in Guangdong, China, with one simple guiding principle: Packaging for all, immediately. With more than 300 technical experts and production plant of 150,000 square meters, we believe we have the power to realize every breathtaking design. As a market leader exclusively specialising in printing and packaging, StarSeed has the experience of fitting out many of the top manufacturers, wholesalers, E-commerce and brand owners, helping them to overcome production challenges and maximise on opportunities across a diverse range of packaging projects.
